No. BGD/93/779-781/1.40

7 June 1998

Dear Mr. Islam,

Thank you for your letter of 30 May, 1998 forwarding various mass awareness materials concerning drugs and HIV/AIDS prevention. We find them quite illustrative. It is gratifying that VON has placed in its mandate two most important social menace. The role of NGOs, as being discharged by VON, in minimizing the sufferings of humanity is duly appreciated and UNDCP assures of any possible help within the limit of its ongoing programme in Bangladesh.

UNDCP has also produced some IEC materials in the mass awareness programme which we are willing to share with you. I would therefore invite you to visit our office, at a mutually convenient time, to collect those materials and discuss issues of bilateral cooperation in the area of drug abuse control in Bangladesh, thereby help in mitigating the sufferings of the mass.

Kind regards.

Yours sincerely,

Khondker A. Hafiz
