Dear Dr Islam,

Thank you for your letter of 30 November 1996 and apologise for the delay in replying. May I say what a pleasure it was to meet with you at the XII Meeting of the National AIDS Programme Managers of the South East Asia Region held in Dhaka, 25 to 28 November 1996.

The World Health Organization would like to acknowledge with appreciation your Organization's efforts to strengthen primary health care in your country. We would particularly like to acknowledge VON's efforts in the dedicated work it is carrying out in the prevention and care for HIV/AIDS and its work towards a drug-free society.

We wish VON success in their activities.

Yours sincerely,
